**15. Development Manager in the CT-Westchester-Bergen County area**

The software runs on a Microsoft platform, including Windows Server 2008 and SQL Server 2008 R2 and has a number of open source components we use including JQuery, SWFObjectsv 2.2, and others. The underlying programming language is ASP.NET. The company writes adapters to data sources using ActiveState PERL 64 bit.

Qualified candidates please send resume with record of relevant experience to [brian@valuebridgeadvisors.com](mailto:brian@valuebridgeadvisors.com)

**16. Customer Satisfaction Representative**

we are seeking a Customer Satisfaction Representative. Not to be confused with a traditional customer service rep, MCC's Customer Satisfaction Representative will have only one function: Visit our current customers, find out whether they are happy with our service, and discover how we can make them even more happy!

That's it! Our new Customer Satisfaction Representative is a good, patient listener, who really cares about contributing to MCC's success. We are also hiring salespeople, so if you feel you'd make a good MCC team member, please contact:

Michael Mills [michael.mills@mccrecycling.com](mailto:michael.mills@mccrecycling.com)
